# CUSTOMIZED PHOTO TEMPLATES

Photo template is the output design for the printed photos. This can be customized depending on the theme of the event and can incorporate branding, event details, and more. Clients can choose how many photo shots in one template.

# PHOTO BACKGROUNDS / GREENSCREEN OVERLAYS

*In taking photos, it's best to have nice background. It can be a venue background, fabricated photo backdrops, or a nice car!*

*Another feature we can add in our photobooth is the green screen system. This gives the guests up to 6 backgrounds to choose and can be customized as per the theme. You can have plain solid color backgrounds, sceneries, edited branded backgrounds, themed backgrounds like party, winter, graduation and more...*

## EVENT COVERAGE

# PHOTO BACKRDOP

*Professional Photographer with customized backdrop and live printing setup.*

*It can be a roaming photographer with instant printing or a stationed photographer with a photo backdrop.*

*The stationed photographer is usually a best setup with the arrival of guests creating a red carpet vibe where guests will have photos in front of a photo backdrop. This comes with a lighting setup and printing setup managed by a attendant.*

# PAPARAZZI

*Feel like a celebrity!*

*This is perfect on a red carpet where professional photographers to take photos like a paparazzi upon guests arrival. Photos can be printed on site for guests souvenir.*

# ROAMING SELFIE GIRLS

*Hostesses with mobile on selfie stick.*

*How it works?*
